VOLUME XXXIX NO. 102

SEYMOUR, INDIANA, WEDNESDAY, APRIL 28, 1920.

PRICE TWO CENTS.

DEMONSTRATION IS PLANNED FOR WOOD

Republican Presidential Candidate to Speak in This City Monday Morning, May 3.

LOCAL ORGANIZATION ACTIVE

Number of Wood Supporters Expected to Meet Train and Accompany The Candidate Here.

The Leonard Wood for President organization in this county is making elaborate plans for the speaking engagement of the Republican candidate in this city next Monday morning. A demonstration is being planned and it is expected that a great crowd of people will hear the address. General Wood is scheduled to arrive in this city at 9:45 o'clock Monday morning over the Pennsylvania Lines. He will return on the northbound Pennsylvania train that leaves here at 9:55.

While the distinguished citizen will be here but ten minutes the meeting is regarded as an important one as Seymour will be the only place in this section of the state where he will appear before the primary. In case the southbound train is delayed arrangements have been made to hold the northbound train until after General Wood has completed his address.

"Ten minutes is not a very long time," said one of the ardent Wood supporters, "but General Wood can say many good things in that time. He goes direct to his subject. He speaks in short, snappy sentences and the meeting in Seymour will give the people here an opportunity to hear him discuss some of the important issues of the day. The direct but forceful manner in which General Wood discussed big problems has won the support of hundreds of people who have been fortunate in hearing him."

The plans for the Wood demonstration in this city are in charge of J. H. Andrews, Wood manager in the Fourth district, and O. E. Carter, Wood manager in Jackson county. Mr. Andrews stated today that a delegation of Wood admirers in this city would likely meet the special train either at Indianapolis or enroute to this city and accompany General Wood here.

Wood is making a whirlwind campaign of Indiana and has spoken to thousands of people in many cities during the last few days. The meeting here will be widely advertised throughout the county and vicinity and it is expected that many out of town people will come to hear the speech. General Wood will speak from an automobile at the corner of Indianapolis avenue and Tipton street. This place was chosen as it is near the Pennsylvania passenger depot and the local organization desires to give him the benefit of every minute that he is in the city for his address. Because of the brief visit all preliminaries will be eliminated, it is stated.

FEW EMBARGOES ON FREIGHT LIFTED

Pennsylvania Lines Accepting Shipments of Perishable Goods, Live Stock and Food.

LOCAL RECEIPTS INCREASING

Indications Are That Situation at Terminals is Improving—Local Crews Lose Time.

Although the movement of freight is still restricted as a result of the switchmen's strike in a number of transportation centers, the situation showed much improvement today. From the amount of freight that has been received here and has passed through the city during the last twenty-four hours it is believed that the congested conditions at the terminals are being steadily relieved and that normal freight transportation will be restored within a short time.

The Pennsylvania lines here are receiving perishable freight, live-stock and food stuffs but practically no other classes will be accepted without a special permit. The volume of freight that has come into Seymour over the Pennsylvania lines during the last few days is much larger than a week ago indicating that the terminals in the large centers are being cleared. It is stated that the congestion has been so serious that several days will be required to clear the tracks of the freight which accumulated just after the strike was called and that normal transportation conditions will not be restored until after the sidings in the large centers are again open.

Practically all freight into Cincinnati and St. Louis and points beyond has been refused by the Baltimore and Ohio Railroad until the last few days. A few embargoes have been lifted and certain classes of freight are now received under specified conditions. The receipts at the local Baltimore and Ohio freight office show a marked increase over a week ago.

It is understood that the congestion in the yards at Cincinnati and St. Louis is being relieved and that the improvement is quite noticeable.

Railroad companies explain that as soon as the freight which is held in the yards where the switchmen walked out is moved it will be possible to lift practically all of the embargoes which are now in force. However, the transportation companies would not be justified in receiving more freight than they can handle promptly and will refuse all freight which is not perishable unless a special permit is given to move it.

Very little coal has been received here during the strike although it is expected that more deliveries can be made within a few days. Coal is regarded as emergency freight and is accepted by practically all railroad companies, especially when it can be shown that the fuel is absolutely required for domestic or industrial purposes.

Local railroad men are very anxious to have the switchmen's differences settled as soon as possible so that regular freight schedules may be resumed. Since the strike has been in progress the local crews have worked only part time and a financial loss has resulted.

NEXT CONVENTION TO GO TO AURORA

That City Selected to Entertain Meeting of District Federation of Clubs in 1921.

OFFICERS ARE RE-ELECTED

Session Held Here Tuesday Regardless as One of the Most Interesting in Years.

Aurora was chosen to entertain the annual convention of the Fourth District Federation of Women's Clubs in 1921, the selection having been made at the closing session of the meeting in this city Tuesday. The convention next year will be held in April, but the exact date will be announced later by the state organization. Officers were re-elected at the afternoon session. Mrs. J. F. Goddard, of Greensburg, was re-elected chairman of the Fourth District organization, and Mrs. M. Stedman, Aurora, was re-elected vice-chairman. The secretary-treasurer will be appointed by the chairman within a short time.

The meeting, which was held here Tuesday, was described by delegates as one of the most successful that has been conducted in the Fourth District in recent years. The questions which were discussed were of vital importance to club members and the program commanded great interest. The addresses of the state officers were especially interesting as they outlined the work which is to be undertaken by the federation in the near future. Mrs. O. M. Pittenger, of Indianapolis, gave special attention to federation extension, pointing to the growth of women's clubs and the added responsibility devolving upon the members.

The address of Mrs. Felix T. McWhirter, Indianapolis, relative to the activity of women in political parties was timely. Mrs. McWhirter advised the members of the federation to read political literature and ascertain for themselves just how the various candidates stood on the different national and state problems so that they would be able to cast their ballots conscientiously. She predicted that the women of the country would soon have a very important part in determining the national and state policies and that when full suffrage rights are given to women the work of the federation would embrace a larger scope of activities.

Particular attention was given to the address by Mrs. E. C. Rimpler, Indianapolis, president of the Indiana Federation of Clubs. She devoted her time exclusively to the discussion of federation activities, pointing out what had been accomplished in the past and what could be undertaken during the coming year.

Miss Adelaide Gasaway, of this city, one of the three young ladies who engaged in entertainment work in France during the war as representatives of the federated clubs, delighted the audience with an account of her work abroad. She explained the important part which entertainment played in the lives of the soldiers.

The local clubs were congratulated by the delegates and visitors for the splendid arrangements which had been made for their entertainment in this city. While the majority of the visitors returned to their homes late Tuesday, some of the delegates were the guests of friends in this city until today.

EFFORT TO REVIVE PEACE RESOLUTIONS

Senate Foreign Relations Committee Endeavors to Get It Into Debate.

ATTITUDE OF UNDERWOOD

New Democratic Leader is Counted on to Favor Early Action of the Pact.

By United Press. Washington, April 28.—The senate foreign relations committee today met in another effort to report out the peace resolution and get it on the floor for debate. Meanwhile a new move to revive the treaty of Versailles was being started by a number of senators in both parties. Senator Underwood, newly chosen Democratic leader, is counted on to help work up sentiment for a treaty agreement and then to go to President Wilson and urge him to re-submit the pact.

When the foreign relations committee met to take up the peace resolution Senator Knox was prepared to submit a combination of the house resolution and earlier Knox resolution. The Knox resolution contains five provisions.

The first repeals the war declaration and restores the pre-war status between the United States and Germany.

The second requests the President to negotiate a treaty of commerce with Germany.

The third requires satisfaction in full of all American claims before property of Germans held by United States officials can be turned back to owners.

The fourth retains for the United States all rights and advantages guaranteed by the armistice terms or the treaty of peace.

The fifth repeals all war legislation.

CONFESSED MURDERER TO GIVE LIFE FOR CRIME

William Ray, Colored, To Die August 5th for Slaying of Martha Huff, Aged 14 Years.

By United Press. Indianapolis, April 28.—William Ray, colored, slayer of 14-year-old Martha Huff, was sentenced to death by a jury in the Criminal court late yesterday afternoon. The jury was out only twenty minutes, returning a verdict at 6 o'clock.

Judge James A. Collins set the date for Ray's death by electrocution for August 5, at the Indiana state prison.

According to state law, the death penalty shall be inflicted before the hour of sunrise on a day not less than 100 days after conviction. In setting August 5, Judge Collins chose a time just an even 100 days after conviction for the electrocution.

The deadly silence in the court room was broken only by the heartbroken sobs of Mrs. Sarah Smock, the murdered girl's mother, as William A. Kaiser, clerk of the court, read the jury's finding of guilty to the five charges of murder in the first degree and stipulating the penalty as death.

Ray seemed stunned. Throughout the trial he had maintained silence and refused to appear on the witness stand. When he was led before Judge Collins, however, to learn the date of his execution, Ray exclaimed that he had not meant to kill the girl.

WOOD LEADING IN NEW JERSEY RACE

Apparently Has Majority of the State's Twenty-eight Delegates to Republican National Convention.

JOHNSON A CLOSE SECOND

Harding Managers Claim 42 of Ohio's 48 Delegates—Contest Very Close.

By United Press. New York, April 28.—Final results of the most hectic day in the pre-convention campaign were still in doubt today. Incomplete returns from yesterday primaries showed:

NEW JERSEY. Republican: Major General Wood leading Hiram Johnson by 740 votes in 1,803 out of 2,003 election districts. The vote was Wood, 48,390; Johnson, 47,650. Wood appeared to have a majority of the twenty-eight delegates.

Democrats: Governor Edwards was practically unopposed for the state's endorsement and apparently will receive support of the twenty-eight delegates at the national convention.

OHIO. Republican: Unofficial returns from 2,857 of the 5,882 precincts showed Senator Harding leading Wood by 3,476 votes. The vote was Harding, 68,088; Wood, 64,612. Johnson was running third and Hoover fourth on a written vote. Harding's managers claimed forty-two of the forty-eight delegates while Wood supporters claimed eight.

Democrats: Governor Cox had no opposition for the Democratic endorsement and will receive the state's entire delegation of forty-eight.

MASSACHUSETTS. Republican: Practically complete returns showed that Wood probably would receive six of the state's thirty-five delegates. The others are unpledged but will cast their early ballots in the convention for Governor Coolidge. There was no preferential vote.

Democrats: The Democratic delegation of thirty-six will be unpledged. There was no preferential vote.

Allen Best, Flint, Mich., Tells Details of Murder of Young Telephone Operator.

By United Press. Pontiac, Mich., April 28.—Allen Best, twenty-four, of Flint, Mich., made a complete confession of guilt in the murder of Vera Schneider, nineteen, telephone operator, to authorities here today. Prosecutor Gillespie announced. Best told a weird story under questioning.

"I met the girl on the street Saturday night," Best said. "I had never met her before. We walked along for a while and then went up on the porch of a vacant house. She put her arms around my neck and asked me to kill her saying she was tired of life."

"I took out a couple of handkerchiefs, knotted them together and slipped them over her head. I thought they were around her mouth, but the noose must have slipped farther down. I drew it tight but she complained it was not tight enough. "Then I pulled tighter, she gasped and then was still. I went away and washed my hands."

Terrible Tortures From Itching Skin Diseases

No Sure Relief Until the Cause Is Removed.

When the blood becomes infected with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are removed from the blood.

Genuine relief therefore, can only be expected from a treatment that goes right to the seat of the

60 Ton Miles of Motor Truck Freight Per Person

DURING 1917 (latest authentic figures available) motor trucks hauled 60 tons of freight a mile for every person in the United States.

Then the country was at war and the capacity of the railroads was overtaxed.

It is doubtful if even a small percentage of this enormous tonnage could have been moved except by motor trucks.

The management of the Standard Oil Company (Indiana), recognizing the necessity of furnishing facilities for supplying gasoline to automobiles and trucks as they traveled through the country, established Service Stations at convenient points throughout the territory served.

These Service Stations perfected the system of distribution maintained by the Company.

The drivers of this caravan of motor trucks which carried the 6 billion ton miles of freight in 1917 would have found their task more difficult of accomplishment had it not been for the network of Service Stations along the way.

While the Standard Oil Company was supplying a substantial share of the fuel consumed by these motor trucks, it also was supplying its regular patrons, and meeting the demands of the United States Government with great quantities of gasoline for war purposes.

Its preparedness and its ability to meet an emergency, however unheralded the emergency may be, serves to emphasize one of the salient phases of the bigness of the Standard Oil Company (Indiana).

JOY IS ITS NAME

And a Real Joy It Is!

Everybody's talking about the wonderful new household soap—JOY. Women say it's a revelation. They never saw anything as fast working and as easy working before.

Joy Soap works like a wizard. All of the usual mean cleaning jobs—washing dishes, windows, bathrooms, clothes, etc., can be made a whole lot more pleasant by using this wonder soap. It goes right after dirt, grime and grease. You don't have to scrub—just rub lightly and Joy does the work.

Then it does it so cheaply and so much better, too. Just notice what a fine, firm body Joy Soap has. No "soapy," sticky feel. It's an everlasting sort of soap, because it doesn't get soft and waste away. You'll find it 100 per cent. on the job 100 per cent. of the time.

Use Joy for every kind of clean up work. It's the grandest old disorganizer of dirt that ever licked a smeary home into spick and span condition!

Don't hate housework. Let Joy do it for you, and you'll find it much easier and better done. Joy brings joy to women. Let it bring you joy. Ask your grocer.

SUFFERING OF YOUNG WOMEN

This Letter Tells How it May be Overcome—all Mothers Interested.

Fort Dodge, Ia.—"From the time my daughter was 13 years old until she was 16 she suffered so badly each month, that sometimes I had to call in the doctor. She had headaches, backache, and such pains and cramps that she would have to stay in bed two or three days. She became terribly run down in health and at last a friend who had used Lydia E. Pinkham's Vegetable Compound told her about it and she has used sixteen bottles, and we always have it in the house. She feels fine now and she has no trouble at all each month. We always praise it and advise any friends who suffer to use your wonderful medicine."—Mrs. MINNIE MANDELKO, 1005 S. 18th St. & 10th Avenue, Fort Dodge, Iowa.

Girls who are troubled as Miss Mandelko was, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

Those who need special advice may write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. These letters will be opened, read and answered by a woman and held in strict confidence.

For General Wood it might be said that he has discharged with brilliant fidelity and success every task that has been laid to his hand.—Terre Haute Star.

All of these figures point to the complete and sure success of Leonard Wood in the primaries, in the Republican convention, and in the national election.—The Cleveland News.

Candidacy Free From Factions

Wood represents no faction and, like Hughes in 1916, his activities in 1912 kept him out of party strife and, like Hughes, he will help to more firmly cement and solidify party ties.

A Real Rooseveltism!

"This country is going to be run by Americans, cost what it may. It does not make any difference what the cost is. It is going to be run on a basis of government under the Constitution with due respect for Law and Order, with a recognition for the Supremacy of the Law, the Rights of Property, the Rights of the Individual, the Rights of Mankind. No Class Legislation, no Autocracy, either of Wealth, Labor or Power, but a real Democracy and a Spirit of Co-operation and Helpfulness."

Leonard Wood Represents More Than Any Other Man the Traditions of Theodore Roosevelt. His reputation rests on his great ability as an executive and administrator. No other man is more vigorous, mentally and physically, or as well equipped by actual experience as Leonard Wood, to take up and carry the physical burdens of the presidential office.

The Spirit of Roosevelt Lives

ROOSEVELT'S OPINION OF LEONARD WOOD

"During these 18 years he (Wood) has rendered to America service of the very highest value and of a kind that could be rendered only by a man of wholly exceptional ability and power, ardent in his big-hearted devotion to the honor of the Flag and the welfare of the nation."

EVERY TIME YOU TELEPHONE

You Spend About Twice as Much
As the Church Gets a Day

3c a day. About half the cost of a telephone call. A little more than the price of a postage stamp. Yet, that is the amount given per day by each person in the churches for all Church purposes; for the ministers' salaries, missions, church hospitals, Sunday schools—for everything. 3c a day and we call ourselves a Christian Nation.

No wonder that ministers' salaries average less than \$20 a week. No wonder that church hospitals have to turn away 100,000 sick people every year. No wonder that China has only one doctor for every 400,000 people.

If you believe in your Church and what it stands for, give from your heart as well as from your pocketbook.

When you support the Interchurch World Movement, you are giving to your Church and your denomination. Because the Interchurch World Movement simply acts as the clearing house for each of the thirty denominations in the Movement.

Your denomination is cooperating with the others to prevent the possibility of waste effort and duplication. At least a million dollars will be saved by this cooperative campaign now going on over the United States.

Are we going to be proud of our town after this campaign?

Let's show them what we can do!

SOCIAL EVENTS

HANCOCK—LAUPUS.

One of the most attractive of the spring weddings took place Tuesday evening at 6:30 o'clock at the home of Mr. and Mrs. Edward L. Hancock, 310 North Chestnut street, when their daughter, Miss Laura Kathryn Hancock, became the bride of Mr. George Laupus. The Methodist Episcopal ring ceremony was read by the Rev. Charles W. Whitman, pastor of the First Methodist church, in the presence of about fifty relatives and intimate friends.

The bride was met at the foot of the stairs by the groom, and they entered the parlor to the strains of Mendelssohn's wedding march, played by Mrs. Edna Bollinger, an aunt of the bride. The wedding party stood before a bank of palms and ferns. During the ceremony Mrs. Bollinger played softly "O Promise Me."

The bride wore an exquisite gown of white organdie trimmed with satin ribbons and ruffles, and carried a shower bouquet of bride's roses. Her traveling suit was dark blue tricotine with small hat and accessories to match.

After the ceremony a reception was held and refreshments of ices in molds of hearts, slippers and bells, and cake were served. Those who assisted with the serving were Mrs. Maxie Jones, Cincinnati, Miss Margaret Guthrie, cousins of the bride, Mrs. Ada McCool, Cincinnati, cousin of the groom, and Miss Stella Laupus, sister of the groom.

The guests were received at the door by James Hancock and Charles Maple, brothers of the bride.

The rooms at the Hancock home were attractively decorated for the occasion with roses and spring flowers, carrying out the color scheme of pink and green. In the center of the dining room table was a large basket of pink carnations and greenery.

Among the out-of-town guests who attended were: Mrs. Mahlon Wilson and son, Bob, of Salt Lake City, Utah, Mrs. Maxie Jones, Mrs. Wm. McCool, Cincinnati, Duffy and Reynolds Hancock, Jeffersonville.

Mr. and Mrs. Laupus left Tuesday night at 8 o'clock for Indianapolis where they will spend a few days before leaving for a two weeks' visit in other points. After their return they will reside in their newly furnished home, 413 North Chestnut street.

The bride was graduated from the local high school with the class of 1913. She is also a graduate of Indiana University and a member of the Kappa Alpha Theta Sorority. For the last two years she has taught English and History in the local high school, resigning this position a few months ago. She is popular in Seymour society circles and has been honored with several pre-nuptial parties.

The groom was graduated from the Seymour High School in 1912, and attended Indiana University. He is a member of the Phi Delta Theta Fraternity. He is the son of Mr. and Mrs. W. A. Laupus and at present is connected with the Cordes Hardware Company.

Mr. and Mrs. Laupus received a large number of beautiful wedding gifts.

Mid Week Meeting.

At the Trinity Methodist church tonight at 7:30. Topic: "The Messages to the Seven Churches." Everybody welcome, members urged to be present.

Rev. B. E. E. Fischback, Pastor.

MRS. M. E. PROCTOR, who what Tanlac has done for says she is so grateful for her that she wants the whole world to know about it. Declares her complete recovery after so many years of suffering seems too good to be true.

"I am so grateful for what Tanlac has done for me that I want to tell the whole world about it," said Mrs. M. E. Proctor, of 717 W. First St., Los Angeles, Calif., when speaking of the splendid results she had obtained from the medicine. "To think that I should have suffered for so many years, and spent hundreds of dollars in vain efforts to get relief and then find complete relief after taking only four bottles of Tanlac, seems too good to be true."

"Yes, indeed; for years and years I suffered terribly from stomach trouble. Everything I ate seemed to form gas and so affected my heart and breathing that I would have palpitation and would turn purple in the face in my efforts to get my breath. These attacks caused me intense suffering and were so bad that I was frequently confined to my bed and would have to be attended by some member of the family for fear I should succumb during one of the attacks."

"I got awfully thin and was so weak that I had to give up all household duties. I often went for two weeks at a time without getting a good night's sleep and as a consequence became very nervous and low-spirited. In fact, I was a confirmed invalid and my friends did not expect me to live very long."

"I sat reading the paper one evening when my eye caught the statement of a lady who had suffered with similar trouble to my own and telling how she had been wonderfully helped by Tanlac. I sent for a bottle and started taking it and the results have been most surprising."

"My appetite is splendid now and I can eat most anything without any distress afterward. The gas has stopped forming and I no longer have palpitation or that smothering feeling. I sleep sound all night long and get up feeling rested. I am in better health today than I have been for forty years and I feel years younger."

"I don't believe there ever was as good a medicine made as Tanlac."

Tanlac is sold in Seymour by Maxon's Pharmacy, and in Crothersville by C. W. Taulman, and in Brownstown by Chas. Brock.

How much should I give to make this a better world?

A CERTAIN man in New York filled out his income tax report.

It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself; and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

- less than we spend for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America—to you—this week asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because you passed through?

CHAPTER VI

When Shirley Sumner descended to the breakfast room on the morning following her arrival in Sequoia, the first glance at her uncle's stately countenance informed her that during the night something had occurred to irritate Colonel Seth Pennington and startle him out of his customary bland composure.

"Shirley," he began, "did I hear you calling young Cardigan on the telephone after dinner last night or did my ears deceive me?"

"Your ears are all right, Uncle Seth. I called Mr. Cardigan up to thank him for the pie he sent over, and incidentally to invite him over here to dinner on Thursday night."

"I thought I heard you asking somebody to dinner, and as you don't know a soul in Sequoia except young Cardigan, naturally I opined that he was to be the object of our hospitality."

"I dare say it's quite all right to have invited him, isn't it, Uncle Seth?"

"Certainly, certainly, my dear. Quite all right, but, er—ah, slightly inconvenient. I am expecting other company Thursday night—unfortunately, Brayton, the president of the Bank of Sequoia, is coming up to dine and discuss some business affairs with me afterward; so if you don't mind, my dear, suppose you call young Cardigan up and ask him to defer his visit until some later date."

"Certainly, uncle. What perfectly marvelous roses! How did you succeed in growing them, Uncle Seth?"

He smiled sourly. "I didn't raise them," he replied. "That half-breed Indian that drives John Cardigan's car brought them around about an hour ago, along with a card. There it is, beside your plate."

She blushed ever so slightly. "I suppose Bryce Cardigan is vindicating himself," she murmured as she withdrew the card from the envelope. As she had surmised—it was Bryce Cardigan's. Colonel Pennington was the proprietor of a similar surprise.

"Fast work, Shirley," he murmured banteringly. "I wonder what he'll send you for luncheon. Some dill pickles, probably."

She pretended to be very busy with the roses, and not to have heard him.

Shirley, left alone at the breakfast-table, picked idly at the preserved figs the owl's butler set before her. Vaguely she wondered at her uncle's apparent hostility to the Cardigans; she was as vaguely troubled in the knowledge that until she should succeed in eradicating this hostility, it must inevitably act as a bar to the further progress of her friendship with Bryce Cardigan. And she told herself she did not want to lose that friendship. She wasn't the least bit in love with him, albeit she realized he was rather lovable. And lastly he was a good, devoted son and was susceptible of development into a congenial and wholly acceptable comrade to a young lady absolutely lacking in other means of amusement.

Americanism.

"I think we should look into our immigration much more carefully than we have before. Americanism is not measured by length of residence. It is measured by loyalty and devotion to our institutions. The people who come here to pull down our own institutions and to make trouble, we want to keep out. There is no use keeping one door wide open for deportation of the alien red, and the other door wide open for the entrance of the unquestioned and unexamined immigrant." Leonard Wood.

PAYING SPRING TAXES

Usual Eleventh Hour Rush at Office of County Treasurer—Delinquent List to be Small.

The amount of taxes paid into the county this spring will be about one-third larger than last year, according to the treasurer. The new tax law, it is said, is not held responsible entirely for the increased total, as new levies were made during the year and would have been collected under the old law.

The time for paying interest and installments under the Barrett law also expires Monday. The Barrett Law payments are made to the city treasurer while county and city taxes are settled with the county treasurer.
